DLP, Proxy and MDM Solution

One of our Enterprise customer from the banking sector was looking for a Security solution for their endpoints and Servers across India. Our team of Pre-Sales and Engineers designed and deploy a robust, highly available and secure solution, which included products like Proxy, DLP and MDM to be deployed on all Servers and Endpoint to provide Data Security for their endpoints across India which is centrally managed and monitored from their Mumbai H.O.

The Goal here was not only protect the clients Intellectual Property but more importantly to protect valuable customer related information for being leaked. We made sure that the best choices, improved services, and cutting-edge technologies were provided which ultimately increased the customers profits, reduced costs and improved business results.

Below are some of the benefit of a DLP, Proxy and MDM Solutions deployed in the customers environment,
